Authorization for this examiner's amendment was given in a telephone interview with Reg. No. on 09 September 2004.

The application has been amended as follows:

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

As per claim 7, the prior art of record taken alone or in combination fail to teach means for measuring the drive strength of the signal on the bi-directional pin and responsive to said measurement determining whether the bi-directional pin is an input or output.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
